

Need Technology for your event? We got you covered!

Our meeting and videoconferencing rooms are equipped with **state-of-the-art technology**. We can provide any technical assistance you may require.

Projecting/Screens:

Whether you are looking to project a presentation, photo slide show, or a video, we have got you covered!

Our Grand Community Room is equipped with a 75" LG Monitor and a Logitech Rally Plus video conferencing system. Our LG Monitor has screen sharing from phone/laptop capabilities, as well as a simple HDMI to HDMI chord connection.

Our Board Room seats 12 and a projector and video conferencing system can be set up in this room.

Our Small Community Room 219 can be set up classroom style or centered with a conference-style table that can seat up to (?). This room features a 4 x 6-8 pull-down screen and walls that can be used to project onto as well.

We also have a variety of portable screens that could be moved to the room of your choice upon request. The sizes of our portable screens are as follows:

- 6' x 8'
- 4' x 6' or 8' (can change based on preference)
- 16' x 9'
